Charger PRO

'Enjoy **PROFESSIONAL CHARGING**'

The go-e Charger PRO fulfils all the requirements for kWh-accurate billing of charging current and can be installed and commissioned in almost no time at all, even with a large number of charging stations at the same time. Scalable thanks to load balancing and open interfaces, and thanks to the ingenious wall mount, onto which the charging unit only needs to be attached, quick installation is guaranteed. The installation backend enables a large number of devices to be set up in a very short time.

COMMUNICATION INTERFACES

WiFi | Bluetooth (BLE ready) | Cellular (LTE) | Ethernet | Digital input and output | PLC

PROTOCOLS

OCPP 1.6 (Json) | Local + Cloud API | Modbus TCP | MQTT

USER MANAGEMENT VIA RFID

Locally (app) up to 10 users | via OCPP (backend) unlimited

Whether indoors or outdoors, at the company car park, in the underground car park or at home - the go-e Charger PRO offers maximum flexibility for any location. With its IP55 protection rating, versatile power cable feed (from above, below and behind) and numerous communication interfaces, it is ideal for a wide range of installation environments.

'MONITORING AND MANAGEMENT AT ANY TIME!'

go-e Charger **PRO CABLE**

- MID-compliant energy meter

SMART CHARGING

Various charging modes | PV excess* | Phase switching | Dynamic energy tariffs | Static & dynamic* load balancing | V2X ready** (according to ISO 15118)

SAFETY FUNCTIONS

-  Access control/authorisation (RFID, app, Plug&Charge ready** - in accordance with ISO 15118)
-  DC protection module
-  Firmware updates

Charging capacity limited to 11 kW on delivery, can be increased to 22 kW free of charge by the installer.

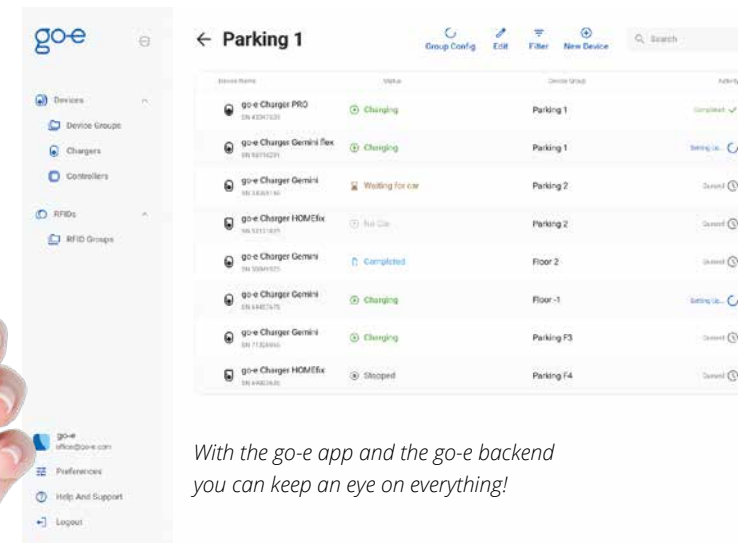

*with go-e Controller or other energy management systems

**functionality has been prepared on the hardware side and will be provided as a function at a later date via a software update

go-e Charger **PRO CABLE ME**

- MID-compliant energy meter
- Compliant with measurement and calibration law

With the go-e app and the go-e backend you can keep an eye on everything!
